

Make your... Promise to the Planet!

We can all make a difference to help the planet!
Think about the things you do everyday. It is easy to do your part. Make your promise to the planet by checking off the list, sign the bottom and post it in your classroom or at home as a reminder of your promise to the planet!

- TURN OFF THE LIGHTS.** When you leave a room turn off the lights to save energy. Make some fun signs to remind others at home or at school to do the same.
- TURN OFF THE WATER.** Remember, don't let the water run when you brush your teeth. Encourage your friends and family to do the same.
- GET OUT INTO NATURE.** Get outdoors and learn about nature in your own backyard and around the world. Share what you know with others.
- REDUCE, REUSE, RECYCLE.** Reduce the amount of trash you use by purchasing products with less packaging. Use reusable bags and containers. Ask your teacher to start a recycling program in your classroom and make sure to recycle at home. The more we recycle the less trash that ends up in the landfill..
- WALK TO REDUCE YOUR FOOTPRINT.** Have some fun and challenge yourself and your family to walk one place each week instead of taking the car. Even a small change like this can reduce your footprint and emissions into the environment.
- CHALLENGE YOURSELF.** Be creative and come up with some other ways you can make your promise to the planet. We would love to hear your ideas!

We can make a
difference!
